

VoiceAmp SpeakEasy Megaphone Hand-Held 10-Watt Voice Amplifier

The VA-10 is a new concept portable microphone with built-in dual speakers that amplifies the volume of your voice. It's lighter and easier to use than old clunky Megaphones and the sound it produces is much clearer.

Perfect for use in:

- Classrooms
- Lecture Halls
- Lunchrooms
- Gymnasiums
- Sporting Events
- Field Trips
- Seminars & Conferences
- Group Activities

Save your voice, use our “Cool Megaphone” to get your message heard!

- All-in-one design, no cables, no RF interference problems
- Optimized for classroom and lecture room environments
- Dual speaker technology
- Stable, high-quality sound with no directional loss
- Patented Feedback Elimination Technology ensures clear, natural sound.
- Built in alert buzzer button with 2 tones, and built in echo button
- Rechargeable battery with automatic power saving mode extends usage time
